

"Broken"
Rebecca Schledorn (Rebecca Schledorn)
USA

Verse 1:

I seem to be the one who ends up alone
Filled with so much sadness, scared of the unknown
But you were a reason to tear down my wall
And I truly wanted to give you it all

Chorus 1:

Maybe I'm just broken, never to trust again
Maybe I'm too broken to let someone in
Maybe what I wanted was never meant for me
'Cause maybe I'm broken and that's what I'll be

Verse 2:

So here I am alone, got nothing but my thoughts
With time to reflect on all the things I've lost
I still remember that pain in your eyes
And how you looked at me when I said goodbye

Now you have someone new to share your heart with
'Cause you deserve more than I could ever give

Chorus 2:

Maybe I'm just broken, never to feel again
Maybe I'm too broken to let the love in
Maybe what I hoped for was never meant for me
'Cause maybe I'm broken and that's who I'll be

Bridge:

Even though you're gone, I won't ever forget
Everything you are and everything you did
I was blinded by fear, I was too proud to see
The love I found in you was all the love I need

Chorus 3:

Maybe I am broken, but I can love again
Maybe I'm too broken, but fear will never win
Maybe what I needed was always meant to be
'Cause maybe being broken isn't the end of me

Chorus 4:

Yes, I may be broken, but I will start again
I may be broken, but I'll find strength within
I may not always know exactly what I'll be

But I know being broken will never break me
