

"I'll Be Damned"
Megan Kelley
USA

Been sipping on your bitter wine
Searching for truth in your lies
'Cause I didn't want to admit, what I've known all along
I've been keepin' myself in the dark
Instead of watching it all fall apart
Damn I was good at acting like nothing was wrong

So damn the blue in your eyes
And the way they catch the sunlight
And damn my broken heart for chasing you
If I give in and stay
It means the devil had his way
And I'll be damned if I give you one more day
I'll be damned if I love you one more day

You think I'm lookin' for a fight
But baby we fight every night
Even if you do it with a smile on your face
You talk me right back in your arms
You think I can't fight your charm
Like you got something that I can't replace

So damn the blue in your eyes
And the way they catch the sunlight
And damn my broken heart for chasing you
If I give in and stay
It means the devil had his way
And I'll be damned if I give you one more day
I'll be damned if I love you one more day

Did you think I'd never know all the locks on this front door
Are just empty promises and weathered paint
I can't tell you what's in store, but I know one thing for sure
I'm gonna be the one who gets away

So damn the blue in your eyes
And the way they catch the sunlight
And damn my broken heart for chasing you
If I give in and stay

It means the devil had his way
And I'll be damned if I give you one more day
I'll be damned if I love you one more day
