

"Ruby Ruby"
Susan Muranty
Australia

Ruby, Ruby! Crimson sheets.
Red night falls about your feet.
Only we can make this right.
Sunset is our firelight.

Ruby skies! The dark comes down
On velvet lips and satin gowns.
Milk-white skin in winter sun,
Burning what we've just begun.

Ruby window. Church of love!
Stained glass light. A fire-dove.
Surely, surely it's alright.
Sunset flames for one more night.
Sunset flames for one more night.
Sunset flames for one more night.

Ruby darkness, you're the one ...
Blast my heart to kingdom come.
Blow my mind with firelight.
Sunset love in dead of night.

Ruby, Ruby, you're the one!
Blast my heart to kingdom come!
Blow my mind with firelight!
Sunset love in dead of night.
Sunset love in dead of night.
Sunset love in dead of night.

Sunset love.
Sunset love.
Sunset love
In dead of night.
