

**"That's Life"**  
**Adrienne Leopold**  
**Canada**

We're all a little broken  
Because living takes its toll  
We fall, we fail, we stumble  
But that's the way we grow

Yeah bruises flaunt our aching  
While scars show we survived  
Sometimes we need just to breathe  
To know we're still alive

That's life, life, life, life. That's life

Chorus

When we start small, we grow tough  
When we break down, we build up  
When the storm clears, the sun will shine  
That's life  
When we know fear, we find strength  
When we wake up, we give thanks  
We all need dark to see the light  
That's life  
That's life, life, life, life. That's life

We're all looking for our reason  
Think that no one can relate  
Our stories may be different  
But we're really all the same

So even when we're struggling  
We can find a way to give  
A little love can heal us all  
It's the only way to live

That's life, life, life, life. That's life

Chorus

Bridge  
We're all a little broken

But that's the way we grow.

#### Chorus 2

When we start small, we grow tough  
When we break down, we build up  
When the storm clears, the sun will shine  
That's life  
When we hold hands, we break free  
When we reach out, we make peace  
From the dark, we'll shine our light  
That's life

That's life, life, life, life. That's life  
Life, life, life, That's life  
Life, life, life, That's life
